Reimagining Spirituality in a Post-Colonial World

17-19 November 2026
Ashburnham Place,
Battle, East Sussex

Following our exploration of decolonising mission, **Assembly 2026** asks a deeper question: what kind of spirituality is needed for the future?

Join with fellow pioneers, leaders, artists, activists, and seekers to explore a rooted and indigenous Christianity in the British Isles today. Together, we will consider how Christian formation can become more contextual, embodied, and attentive as we navigate a rapidly changing, post-Christian world.

Gather with us to explore faith, discipleship, and community shaped by:

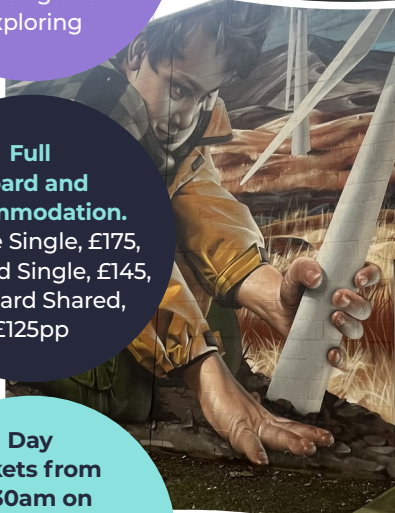

- ◆ Place & Community
- ◆ Culture & Ecology
- ◆ The Way of Jesus

What does a truly indigenous spirituality look like within a post-colonial world? **Let's explore together!**

For more info and to book go to:
